* indicates a required field

Overview - Production Finance Funding

The Regional Filming Fund offsets costs associated with shooting in regional areas of NSW. Regional NSW is defined as all areas in NSW outside the Sydney Metro area (excluding the ACT). Please find the LGA map here.

If you are applying concurrently for <u>Production Finance</u>, you do not need to submit a separate application for the Regional Filming Fund. Instead, please submit the Production Finance application form, which includes additional questions regarding the Regional Filming Fund.

The Production Finance application form can be found on the <u>Production Finance section of our website</u> when the round opens.

Assessment Criteria Your application will be competitively assessed against the following criteria:

- The level, nature and quality of the proposed NSW and Regional Spend
- The track record, including the financial track record, and experience of the applicant and any Key Creatives
- The quality of the creative materials
- The potential of the project to reach its target market/s

Screen NSW may also take into account the diversity of productions and regions supported under the program.

Eligibility

Please read the <u>Guidelines</u> and the Screen NSW <u>Terms of Trade</u> for full eligibility requirements.

Please note the production must film on location in Regional NSW for a minimum of five shooting days in a single Local Government Area (LGA). Please find the LGA map here.

SCREEN NSW ELIGIBILITY

For NSW producers, Screen NSW supports productions that have more than 50% of the total production costs expended in NSW. For an interstate producer, more than 80% of the total budget must be expended in NSW. Where a producer intends to conduct 100% of the project's post-production in NSW, or where the below-the-line post-production spend in NSW is AUD\$3 million or more, the 50%/80% rule may be relaxed for both NSW and interstate producers. Where the eligible NSW spend is AUD\$5 million or more, the 50% /80% requirement may be relaxed for both NSW-based and interstate producers. Where NSW-based producers are coproducing factual projects with interstate producers, the 50% requirement may be relaxed.

Definition of NSW Spend is Item 7 in the Screen NSW Terms of Trade.

Please note particularly the requirements for eligibility of Contingency. (The contingency may be claimed as a NSW Spend only if the entire production including shoot and post occur 100% in NSW. Contingency may not be split.)
